HISTORY OF FOUNDATION AND DEVELOPMENT

SHDC Electronics Co., Ltd with a team of experienced managers and technicians in manufacturing, processing and assembling PCB is always ready to serve domestic and foreign customers, committed to satisfy even the most demanding customers.

2022

Established SHDC company, a member company of NAHACO, specializes in designing, processing and assembling PCB.

2017

Nahaco becomes an authorized distributor of electronic materials products of Ciexpo and Inventec Dehon.

2016

Established Moldtech, a member company of NAHACO, as a CNC precision machining company, Moldtech focus on electrical and electronic industry.

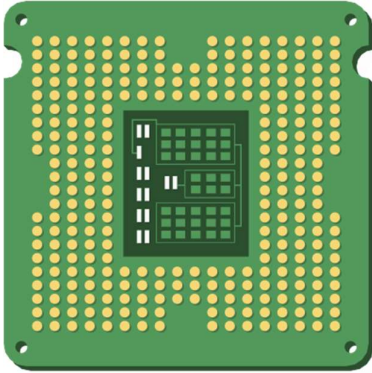

2014

Nahaco becomes an exclusive distributor of ICT, FCT products of Diagnosys.

2013

Established Nam Hai Technology Co., Ltd (NAHACO). Specializing in the distribution of electronic components and SMT lines.

ACTIVITIES

■ MAIN AREAS OF ACTIVITY

With the advantage of having a team of experienced managers and technicians who have held many senior positions at large corporations in the world. SHDC is striving to become one of the leading enterprises in the field of PCB assembly. We can manufacture and process a variety of single-layer or multi-layer PCBs, from the smallest board 50 x 50mm to the largest 460 x 550mm; from the smallest components 0201, 0402, 0603 to the largest components up to 100mm. In addition, we can also produce flexible FPC boards used for high-tech products such as smartphone.

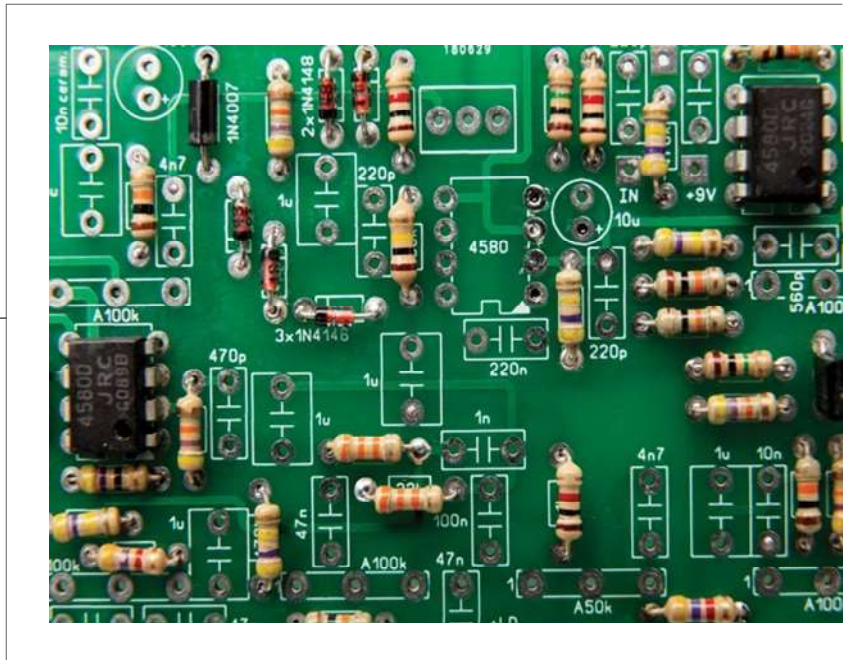

■ THE MAIN PRODUCTS

+ PCB for printer and office equipment

+ PCB for home appliances

+ PCB for desktop, laptop, USB

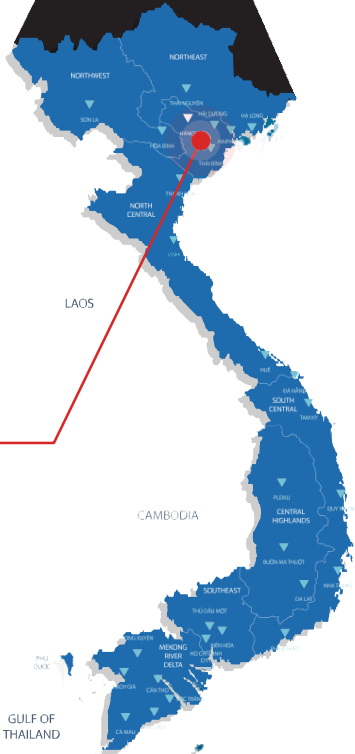

+ Other PCB

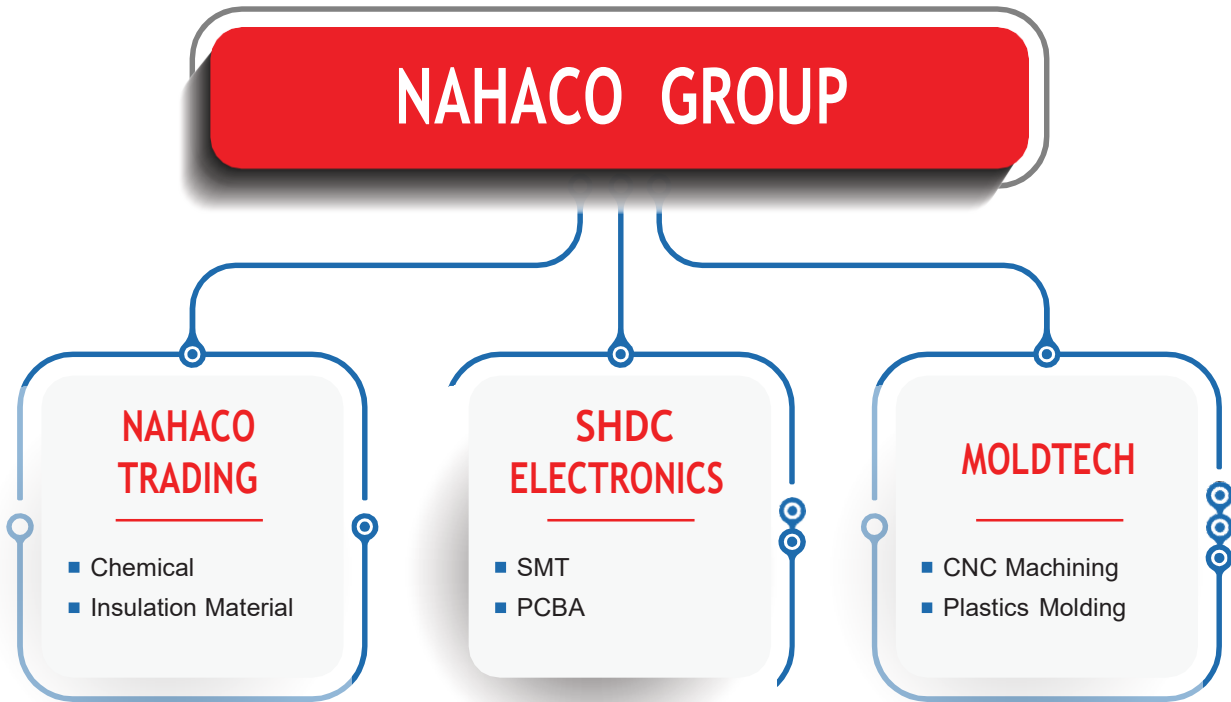

■ LOCATION OF DEPARTMENT

 Vietnam	Location	VSIP HAI DUONG IP
	Employees	50
	Products	PCBA
	Area	1300m2

SHDC

VISION - MISSION - CORE VALUES

VISION

SHDC aims to develop to become a leading Vietnamese company in the field of high-tech not only manufacturing and processing electronic boards but also designing and manufacturing other high-tech electronic products.

MISSION

With the desire to create quality products, prestige. We focus on research to make a difference in all of our fields by manufacturing and providing quality products at extremely competitive prices to our customers.

CORE VALUES

Product quality is the decisive factor as well as the goal we always aim to improve ourselves and establish a long-term partnership with customers.

Customers are partners and close friends. We always strive to provide customers with the best products, good after-sales service, with enthusiastic service from a young and dynamic staff.

Employees are the company's most valuable asset. We always create a favorable working environment, many preferential regimes, and encourage employees to bring out their full potential.

Creativity and innovation are the driving force for development. We are always looking for effective solutions, advanced technologies to best serve customers. Build an enthusiastic and dynamic image in the hearts of customers.

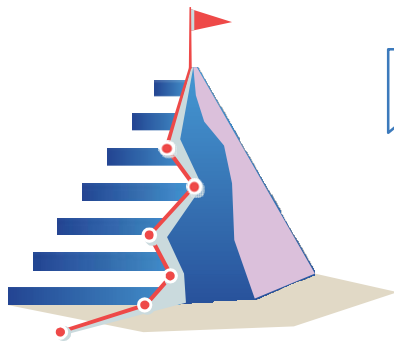

HUMAN RESOURCES

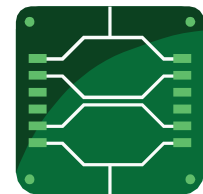

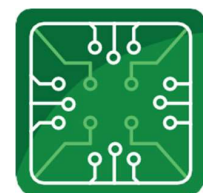

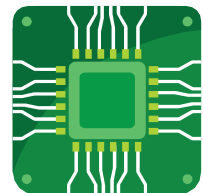

Our pride and most valuable asset is the collective management team, customer support, design & production team with many years of experience and trained in large corporations in the world.

We are constantly improving to make a difference in the market, by providing high quality products and competitive price to our customers. The team of technicians are always trained regularly. Every year, we open training classes to ensuring staffs with solid technical qualifications.

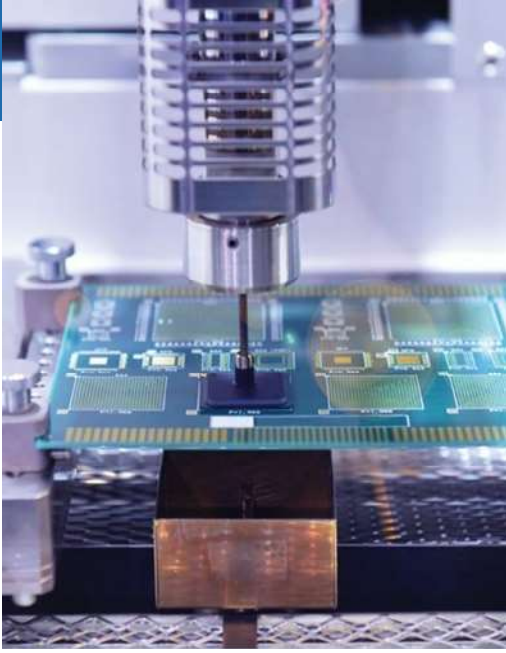

QUALITY POLICY

Our quality policy is to always listen and understand the needs of our customers, to meet all of our customers' requirements. Every year, we clearly define our quality goals focusing on improving the quality of our products and customer service. That goal is achieved through employee training, equipment improvement, the use of new technology and cooperation with leading suppliers in the field in which the company operates.

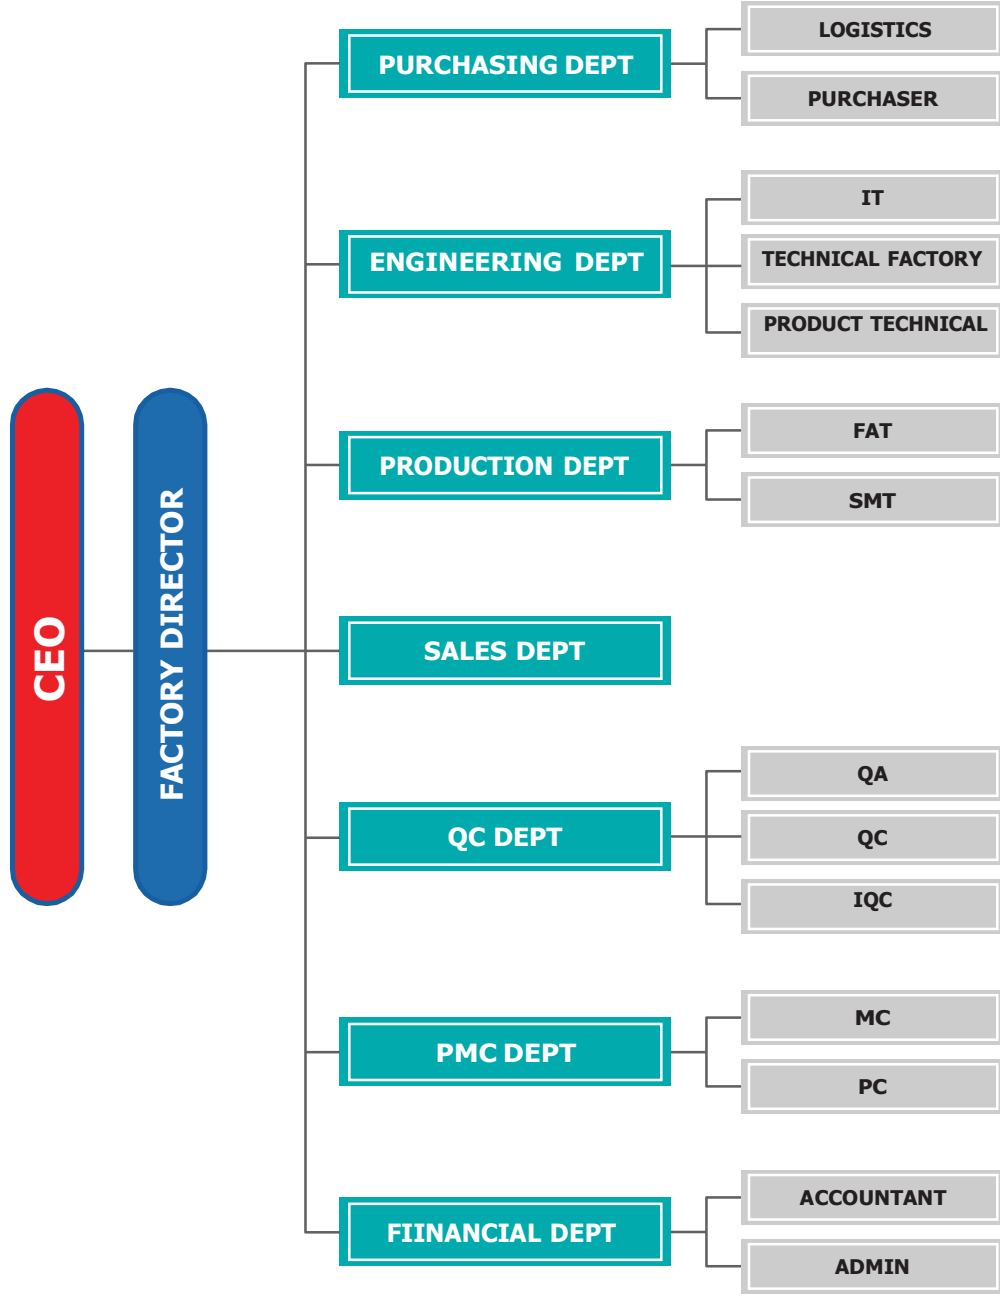

POLICY FOR RESEARCH AND DEVELOPMENT

Research and development opens up new growth potentials and ensures a competitive advantage. We are constantly innovating in many different ways, actively exchanging product information through many channels from customers, users, to research institutes. Our creativity is closely tied to technological inventions and customer needs. Our team, with strong spirit and motivation, always strives to create more value for ourselves and for our customers. This allows us to grow faster and secure our competitive edge.

USING MACHINES

■ YAMAHA YSM20R Machine

Specifications

Part size	0402 (01005") to 32 x 32 mm
Max. part height	Max 6,5mm
Placing accuracy	±0.03 mm Cpk ≥1.00
Chip & Leaded parts	
Head HM20	95,000CPH
Option Autotray	sATS30
PCB size	50mm*50mm - 810mm*490mm
Power requirements	200 ~ 230V AC (± 10%), three-phase (50/60Hz)

■ YAMAHA YCP10 MACHINE

Specifications

Panel size L x W	50 x 50 to 460 x 510 mm
Panel thickness	0.4 to 3.0 mm
Panel Warp	Within 2.0 mm
Panel conveyance load	Max 3Kg
Panel conveyance loading time	8 sec
Smallest parts	0603 (0201")
Squeegee Speed	1 to 200 mm/sec
Power requirements	Single phase 220 V ±10% (50/60Hz) / 3.0 kVA

YAMAHA YSM10 MACHINE

Specifications

Part size	03015 to 55 x 100 mm
Max. part height	Max 15mm
Placing accuracy	±0.035 mm Cpk ≥1.00
Chip & Leaded parts	
Head HM10	46,000CPH
Option Autotray	sATS15
PCB size	50mm*50mm - 510mm*460mm
Power requirements	200 ~ 416V AC (± 10%), three-phase (50/60Hz)

Yamaha YSI-SP 3D SPI

Yamaha AOI 3D YSI-V

Kyoritsu ICT F-2000 Plus

JT Reflow N2

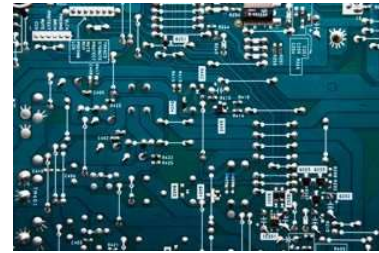

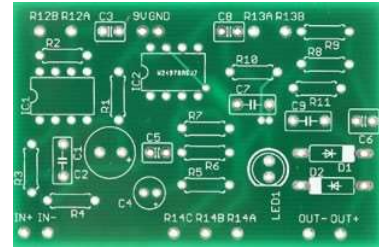

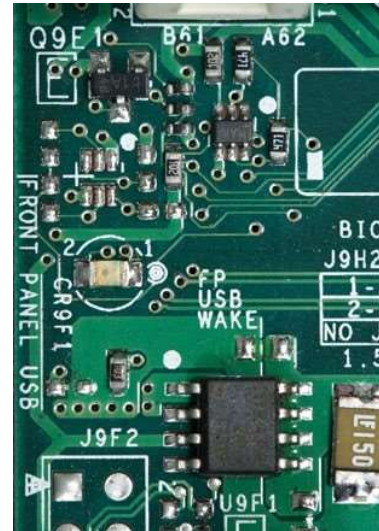

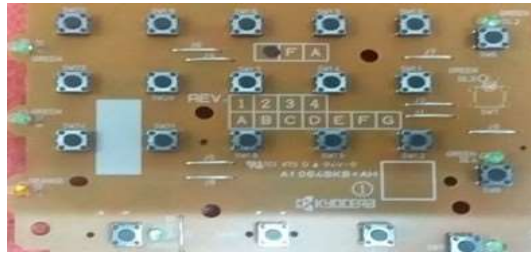

JT Wave Soldering Machine

In order to meet the needs of customers, SHDC always updates modern technological equipment ready to improve the quality, accuracy and variety of products at the most reasonable cost.

IV PRODUCTS

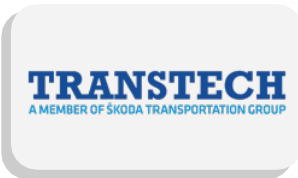

SHDC ELECTRONICS COMPANY LIMITED

V TYPICAL PARTNER

STRATEGIC PARTNERSHIP

In recent years, SHDC has continuously expanded its relations with foreign partners. As a strategic partner, we always receive strong technical support from our partners, including:

PARTNERS CUSTOMERS:

In order to provide customers with the best products and services at competitive prices, SHDC always focuses on building a good and sustainable cooperative relationship with customers. With many years of experience in the field of manufacturing, processing and assembling electronic boards, SHDC is proud of its products as well as its ability to provide the most complete service to customers.

THANK YOU

SHDC would like to thank our customers and partners for trusting and coming to us in the past time.

With a compact and dynamic organizational leadership apparatus in line with the market mechanism. A team of experienced engineers and skilled technical workers are comprehensively trained in expertise, expertise, equipment and modern technology, and have extensive cooperation relationships with businesses. SHDC completely meets all requirements of customers. With the spirit of initiative and creativity, efforts and perseverance in innovation, business restructuring is reasonable. SHDC strives to become one of the leading companies in manufacturing, processing and assembling electronic boards for printers, computers, electronic equipment and home appliances in Vietnam.

Best regards!

SHDC

Thank you!
